Wenig, Bonnie. See Brown, Fredda 318
Wheeler, John J. See Hall, Phillip S. 288
White, Jo Ann. See Rose, Karen C. 149
Zucker, Stanley H. See Rounsefell, Suzanne ... 296

TITLES

A comparison of friendship patterns of individuals with developmental disabilities. Donna Barber and Susan Hupp 13
A comparison of in vivo and simulation prior to in vivo instruction in teaching generalized safety skills. Belva C. Collins, Dawn M. Stinson, and Lou-Ann Land 128
A proposal for assessing integration. Keith Storey 279
Accounting for costs of habilitation training, sheltered workshops, and supported employment. Darrell R. Lewis, David R. Johnson, Robert H. Bruininks and Lincoln A. Kallsen .. 75
Age-appropriate activities: Effects on the social perception of adults with mental retardation. Mary Lynne Calhoun and Lawrence G. Calhoun 143
An examination of classic articles in the education of persons with severe disabilities. Fred Spooner, Brian E. Enright, Kay Haney and H. William Heller 23
An exploratory resource allocation model for implementing supported employment services. Phillip S. Hall and John J. Wheeler 288
Applying therbligs to task analytic instruction: A technology to pursue? Diane M. Browder, Levan Lim, Chien-Hui Lin and Phillip J. Belfiore 242
Choice diversity for people with severe disabilities. Fredda Brown, Patricia Belz, Linda Corsi and Bonnie Wenig 318
Corroborating previous findings: Laying stepping stones in the analysis of biobehavioral states in students with profound disabilities. Stephen Richards and Les Sternberg 262
Effects of listener training on intelligibility of augmentative and alternative speech in the secondary classroom. Suzanne Rounsefell, Stanley H. Zucker and Thomas G. Roberts .. 296
Efficacy of three programs for elementary school students with moderate mental retardation. Lise Saint-Laurent, Anne-Louise Fournier and Jean-Charles Lessard 333
Ethical considerations in teaching compliance to individuals with mental retardation. Andrea P. McDonnell 3
Following the course of change: A study of adaptive and maladaptive behaviors in young adults in the community. Karen C. Rose, Jo Ann White, James Conroy and Dawn M. Smith 149

Frequency of job skills appearing on individualized plans of students with moderate retardation. Linda D. McCrea 179

Graduates with mental disabilities: The story three years later. Alan R. Frank and Patricia L. Sitlington 30

How much time should be spent on skill instruction and friendship development? Preferences of parents of students with moderate and severe/profound disabilities. Susan Hamre-Nietupski 220

Improving motor responses in students with severe disabilities using adult instruction and peer social interactions. Nella B. Anderson and Michael P. Brady 47

Job satisfaction of persons in supported employment. David W. Test, Karen Bond Hinson, Jill Solow and Patricia Keul 38

Milestone Reinforcer Survey. Robert A. Fox and Jeannette M. DeShaw 257

Parent Involvement: A best practice or forgotten practice? Alan Hilton and Carolyn J. Henderson 199

Perceptions of aversiveness by supported employment supervisors and job coaches. Barbara J. Helms and Stephen C. Moore 212

Perceptions of teachers of students with moderate, severe, or profound disabilities on facilitating friendships with nondisabled peers. Susan Hamre-Nietupski, Jo Hendrickson, John Nietupski and Gary Sasso 111

Strategies to improve basic learning and memory deficits in mental retardation: A meta-analysis of experimental studies. Steven R. Forness and Kenneth A. Kavale 99

Teaching employment skills to adolescents with mild and moderate disabilities using a constant time delay procedure. Wanda Chandler, John W. Schuster and Kay B. Stevens 155

Teaching social problem solving to learners with mild disabilities. Philip Browning and Gary Nave 309

Teaching specific requests: A comparative analysis on skill acquisition and preference using two augmentative and alternative communication aids. Gloria Soto, Phillip J. Belfiore, Ralf W. Schlosser and Carl Haynes 169

The effect of response delay on correct responding to instructions during communicative gesture training. Pieter C. Duker, C. Van Doeselaar and Anita Verstraten 327

The effect of social and isolate toys on the social interactions of preschool-aged children. Michael Rettig, Michael Kallam and Kelly McCarthy-Salm 252

The one-more than technique as a strategy for counting money for individuals with moderate mental retardation. David W. Test, Anne Howell, Kellye Burkhardt and Tonya Beroth .. 232

The simultaneous effects of sociocultural variables and WISC-R factors on MR, LD, and non placement of ethnic minorities in special education. Andres Barona, Maryann Santos de Barona and Suzanne P. Faykus 66

Using descriptive and experimental analyses in the treatment of self-injurious behavior. Phillip J. Belfiore, Diane M. Browder and Chien-Hui Lin 57
